## G.T.C. enrollment reaches new high with 1,053 undergraduates registered

A record-breaking number of students streamed into Georgia Teachers College for the 1958-59 year. With registration not officially ending until Monday, October 13, the unofficial tally last Friday stood at 1,053 undergraduates.

Of the total, 556 are boys and 497 are girls. This is the fourth time in the last 12 years that boys have outnumbered the girls on the G.T.C. campus. To accommodate the increase, three women are now residing in both Lewis and East halls, as well as in the first floor of West hall.

For the first time, Cone Hall, a men's dormitory, has three in a room. This is true of 27 rooms in Cone, and in a few rooms in Sanford Hall.

This total enrollment is a new record, representing an increase of about 10 percent over last fall's previous record mark of 914.

Enrollment by classes:

Class	Boys	Girls	Total
Freshmen	165	171	336
Sophomores	121	115	236
Juniors	147	108	255
Seniors	123	103	226
<b>Total</b>	<b>556</b>	<b>497</b>	<b>1,053</b>

A total of 750 students are living in dormitories, and the remaining 303 are day students. Housed in girls dormitories is 303, and in men's dormitories a total of 357.

For the first time, Saturday graduate classes are being offered, and last Saturday's initial enrollment was 69. It is expected that a few more will register tomorrow. Adding undergraduates and graduates together, the enrollment of 1,122 on the increase of 208 over last year.

An insight into the amazing increase of G.T.C. enrollment is seen when registration figures of September 1954 are examined. In just four years an increase of about 100 percent has been seen.

## Blue Devils whip Dublin; to play Metter here Friday night

The Statesboro Blue Devils scored in the last four seconds in Dublin Friday night, to nose out the Dublin Irish, 20-13.

Fighting for their Green 2-A life, it looked like Coach Ernest Teel's defending Class A state champions would have to settle for a 13-13 tie and extinction from the league race. On Thursday, Guard Pete Roberts was discovered to be ineligible, and a 5-4 win over Coach Cochran was changed to a 1-0 loss.

With four minutes left, Dublin's Ben Crain passed up the middle, and Statesboro's Billy Scarce picked it off and returned it to the Dublin Irish. 20-13.

In three plays the ball was moved only four yards. On fourth down, senior quarterback Ben Hagan ran for 15 yards from punt formation, after attempting to pass. At one time he was 30 yards from the line of scrimmage, but excellent open field blocking helped spring him for the all-important gain.

Wendell McGlamary and Joey Hagan moved it to the one-foot line, when Ben Hagan sneaked for the score with just four seconds left. Time ran out on the ensuing kickoff.

Statesboro received the opening kickoff, but fumbled on the second play and Dublin's Charles Turville recovered at the Statesboro 25. A pass from Crain to Royce Cullins moved the ball to the two, and big Henry Sheffield plunged for the score. Crain kicked the point.

Statesboro, 1-0 in a tie, launched a 70-yard drive which ended with Ben Hagan sneaking from the one. Ben's placement attempt was wide, and Dublin led 7-6.

Each team scored again in the second quarter. Dublin's set up by a 25-yard pass from Crain to Cullins, and this time Crain sneaked the ball. Ben Hagan's placement was low. With five minutes left in the half, Statesboro tied it on a three-yard run by Joey Hagan. The big play moved Wendell McGlamary running 58 yards to the Dublin Irish, when it had been Statesboro's ball, third down and 33 yards to go. Ben Hagan's conversion tied it 13-13.

Dublin threatened twice in the second half, despite quarterback Crain's missing most of the time with a head injury. A bad snap from center on fourth down put the Irish in business at the Statesboro 27. Dublin moved to the five, but fumbled and Statesboro's Sammy Brannen recovered. Ben Hagan punned 45 yards and out of danger.

In the fourth quarter Dublin was stopped inches short of a first down at the Statesboro 29.

Sheffield led Dublin ball-carriers with 69 yards in 17 carries, but Wendell McGlamary was the night's outstanding back with 140 yards in 17 tries.

Despite the five touchdowns, the game featured some excellent defense. For Statesboro, Robbie Franklin, Billy Scarce, and Ben Hagan.

**Rockwell manager reassures community**

In a statement made at the plant Monday morning of this week, Sam Brown, general manager of the Rockwell Statesboro Corporation, assured the citizens of Statesboro and Bulloch County that the situation at the Statesboro plant is not as serious as first assumed with the announcement that officials of the company have ordered the transfer of nine of the salaried personnel to Tulsa, Oklahoma, and that the hourly people will be given notices in about twenty days.

Mr. Brown went on to say that the action was taken to improve the overall position of the company and that it is the sincere thinking of the officials that it will not be very long before the number of people working here will be back up.

He added that they are giving the hourly people here an opportunity to work overtime in order that they might build up a little cash reserve, and that the company is making every effort to assist them in finding new employment.

"We are keeping our people informed of our plans for the plant, believing that in a climate of understanding, periods of flux like the one in which we are now in will work out to the general benefit of the community," Mr. Brown said.

## Lunchroom a favorite with elementary kids

A visitor's first impression is "here is a well operated and managed cafeteria," and has to blink his eyes a second time to realize that he is about to share lunch with more than 476 school children from the first grade through the seventh grade.

One day recently were the guest of John Adams, principal of the Mattie Lively School, and had lunch in the school lunch room. Another day we were the guest of Don Coleman, principal of the Sallie Zettrower School, and had lunch with him in the school lunch room.

Little, if any differences, were seen between these two school lunch rooms. Both are being smoothly operated and managed.

We went along the serving line with our tray and were delighted with the baked turkey, giblet gravy, rice, string beans, congealed fruit salad, rolls and milk. And if I had been allowed to pay for it it would have cost me only 35 cents, which is the price charged guests. The same meal would have been from the "Till's."

He added that there will be door prizes Thursday, Friday and Saturday of next week when the public is invited to visit in saying it's one of the most beautiful stores anywhere," he said.

It was in 1921 that the late Mr. L. Seligman established a business here under the name "L. Seligman's" on East Main Street. In 1933 he and his son, A. ### More than a game

To Pete Roberts there is something more to the game of football than just being on the team and winning scores.

Young Roberts proved this last week when he revealed that, according to a rule which he had just learned, he was ineligible to play football with the Statesboro High School Blue Devils.

Because of his ineligibility the game the Blue Devils won from Cochran on Friday night, September 26, was forfeited and goes in to the record book as a victory for Cochran by the score of 1 to 0.

It was only last week that young Roberts learned that a boy who reaches his nineteenth birthday prior to May 1 is not eligible to represent his school in athletic competition. This is a rule of the Georgia High School Association. The rule was discussed in a class in which Pete was sitting. When he realized what it meant, he immediately conferred with Mr. John Groover, assistant principal of the high school and revealed that he was nineteen years old last October.

A check of the school records back to the first grade showed that Pete's birthday was in 1939. He actually was born in 1938. When Pete came into high school and was ready to play football the Statesboro coaches, acting in good faith, and according to the records which they had, thought he was eligible.

Coach Teel states that it was not Pete's mistake. He explained that the boy didn't know about the rule until it came up last week and added that the coaches were going by the school records.

Of course this is a blow to Pete. And to his teammates. But it's infinitely more important to him and his future that he live the truth. It focuses attention on the boy's true worth and his teammates, his teachers, his friends and all football fans should commend him for his standing up for what he knows to be right.

We think it wonderful that he has the strength of character and a feeling for what is the truth that prompted him to follow the dictates of his conscience.

Win, lose, or draw, the Blue Devils and their fans should toss up their hats that boys like Pete Roberts are still with us.

### Protect your child

People in Detroit, Michigan are being reminded, rather tragically, of the dreadful consequences of neglect to protect themselves against polio.

The city is in the throes of a polio epidemic which had hit more than 700 people by last week. Sixteen deaths were reported by Friday of last week.

Authorities believe that the epidemic is the direct result of public apathy to the Salk vaccine.

This is a strange situation, one in which people deliberately allow themselves to be subjected to the killing effects of a disease for which there is a proven protection.

We can only hope that this situation does not develop in our community.

Have you protected your children from Polio?

### More power to 'em

The spotlight is on the business ladies of our community this week, and Mayor Bill Bowen flipped the switch when he issued a proclamation last week declaring the week of October 5-11 to be "National Business Women's Week."

This special week is sponsored by the members of the National Federation of Business and Professional Women's Clubs, through the local B. & P.W. Club.

This group of working ladies are one of the community's most active and are deserving of the attention the spotlight brings to them.

This year the B. & P.W. is working under the slogan, "More Power with Womanpower" and to prove their point the local ladies are working on a womanpower survey in which they hope to turn up a womanpower pool which would answer any labor emergency.

### It's good business

Mayor Bill Bowen has proclaimed this week, October 5-11, to be "National Employ the Physically Handicapped Week."

This week, like other special weeks, is to focus public attention upon the problems of disabled persons, and to encourage the hiring of those who are ready, willing, and able to work.

If a person you know to be physically handicapped approaches you for work, it is natural for you to ask yourself, "Can he, or she, a physically handicapped person, produce? Will his or her work be efficient? . . . Will he or she be dependable? . . . Will his or her working here result in higher insurance costs for me? . . . These and other questions may come to you.

According to the Governor's Committee on Employment of the Physically Handicapped, qualified handicapped workers do produce, and their production rates are at least equal to those of workers who are free of impairments. Handicapped people do not want to be dependent. It is their desire to become active participants in the community's program of progress.

Hiring qualified handicapped workers reduces the cost of dependency, saves tax funds, and bolsters the economy of the community, state and nation. For every dollar spent by the government rehabilitating disabled men and women, \$10 is returned in the form of income taxes.

If given an opportunity to hire a handicapped person, do so, it's good business.

Authorities believe that the epidemic is the direct result of public apathy to the Salk vaccine.

This is a strange situation, one in which people deliberately allow themselves to be subjected to the killing effects of a disease for which there is a proven protection.

We can only hope that this situation does not develop in our community.

The city is in the throes of a polio epidemic which had hit more than 700 people by last week. Sixteen deaths were reported by Friday of last week.

### A SENSE OF VALUE

HER YOUNGER sister had what she wanted. So, in order to get the doll, she decided to make the two-year old with a promise. "If you'll give sister the doll, I'll get you a gold diamond ring." I regret that I cannot report the outcome of this transaction, but this I know—daughter Deborah was well aware of the value of things, and the tantalizing temptation of a "gold diamond ring."

This instance in our modern day upon the value of material things was pointed up the other day in an educational psychology class. The professor was stressing the fact that most persons are always wanting more than they have. And, in order to compensate for their failure to achieve these desires, they must make continual adjustment. The illustration which he used was the old classic—"I would like to have a million dollars." Why do we say this? Some of the most miserable people in the world are those who possess millions, rather, are possessed by millions.

ONE MULTI-MILLIONAIRE acquaintance of mine (the only one, in fact) once confided to me that if he made a million dollars that he would be forced to pay at least \$800,000 in taxes. Though most of us are not con-

vinced, having a million dollars might raise many more problems than we could handle. If you need further proof, just watch the telecast of "The Millionaire." Some of the most miserable people in the world are those whose lives are cluttered with things.

Jesus understood this dilemma and sought to express His conviction on it when he said—"Do not lay up for yourselves treasures on earth, where moth and rust consume and where thieves break in and steal, but lay up for yourselves treasures in heaven, where neither moth nor rust consumes and where thieves do not break through and steal."

ONE OF the richest persons I knew was a little old lady who spent many years in China as a Christian missionary, who stood up to the invading Japanese and demanded protection for her and the other missionaries under her care, who returned to America to give herself unstintingly in the service of her church; who gives away all the money that grateful friends give to her; and who lives today rich in her treasures laid up in heaven. Long ago, Miss Mary Cullen White gave her heart to Jesus Christ and He, in turn gave her a proper sense of value.

### So you want to be an Employment Security worker asks Miss Hopper

The president of the Statesboro Business and Professional Women's Club, Miss Alma Hopper, holds a very responsible position with the Georgia State Employment Service, which is a division of the Employment Security Agency of the Georgia Department of Labor.

Miss Hopper is the classification and interviewing clerk with the state merit system must have a high school education. Two years during the past eight years must have been in paid employment in similar work with the state or federal government. In addition to above duties, she works in the placement service by taking employer orders, by selecting and referring applicants, and developing jobs for applicants in need of this service. At times, she does all phases of job insurance claims taking work.

## Letter to the Editor

Editor, The Bulloch Herald: It is with much regret that we have learned of the recent passing of one of the pioneers of the optometric profession in Georgia and a citizen of your county, Dr. D. R. Dekle, of Statesboro.

Those members of the profession who were privileged to know him best held Dr. Dekle in high esteem and regard. He was always ready to do those things which would help the fellowman and advance the profession.

We join with his family and the citizens of the Statesboro area in expressing our feeling of great loss at his passing. Sincerely yours, Harold Clayton O. D., President

## The Editor's Uneasy Chair

IT ALWAYS pleases us when our newspaper is accepted with approval and when that approval is expressed in letters to the editor we are especially pleased. On September 25 we published a sixteen-page edition in which we devoted the major space to an all-out welcome to the student body and members of the faculty of Georgia Teachers College. The idea was that of "advertising director," G. C. Coleman, our brother, and "The Skipper" to us. We merely furnished the copy with the help of Joe Axelson of G. T. C. public relations, and he, "The Skipper," promoted the issue. It was given the wholehearted support of all the advertisers who liked the idea. We later received reports which indicate that students and faculty liked the idea too.

So we are happy to publish the following letter which we received about our Welcome G. T. C. issue. "Dear Leodel: 'This is to extend my sincere congratulations to you and the staff of The Bulloch Herald in publishing a special edition of the newspaper welcoming students to Georgia Teachers College. It was a wonderful way to let the students know how much we in Statesboro and Bulloch County appreciate the college and them. Your high degree of public spirit and untiring effort made this issue a production possible deserve the highest commendation. The paper's well-written editorials and the welcome notes by some of our leading citizens serve to create a mutual field of understanding between the visiting students and this community. 'I hope you won't let this be the only year you produce such an edition, but that you will continue the special each year as the students arrive for a new school year at G. T. C. 'With warm personal regards and best wishes, I am 'Sincerely yours, 'Prince H. Freeman, M. C.'"

FROM CHAIRMAN OF BOARD OF REGENTS "Dear Mr. Coleman: 'I want to thank you and congratulate you upon the cordial reception given through your paper to the new students of Georgia Teachers College. There is nothing so encouraging to the President and faculty of a college as enthusiastic local support. Such support has had a big part in making Georgia Teachers College into a fine institution of learning. 'I also want to thank you for the nice editorial about Everett Williams. He deserves all this praise and more. As a Regent, Everett is interested in all the schools of the University System and is dedicated to the cause of education at every level. We are fortunate to have his services on the Board of Regents. Sincerely, 'Robert O. Arnold, Chairman, Regents of the University of Georgia, Atlanta, Ga.'"

"Last week upon the special issue of The Bulloch Herald came out I had the impulse to write you and tell you how much I appreciate your service to Georgia Teachers College. I think the paper was an excellent idea and the issue was

passed since my first column appeared in The Bulloch Herald. During those years there have been many comments concerning the things which I have written. Every week there is a letter to me from a reader reading what I have had to say. There are also those who are frank in their disagreement with me and who appreciate what they have to say. Some of the statements are friendly and a few are not, but the great majority come from friends who recognize that to be of any value the column could not possibly meet with the approval of all who read it.

### ANN AND BETH SMITH FETED ON SIXTH BIRTHDAY

Ann and Beth Smith, twin daughters of Mr. and Mrs. Jake Smith, are in the first grade in school. On Thursday afternoon, September 25, Mrs. Smith honored them on their sixth birthday with a party at their home.

Their friends were invited to come to the party in play clothes.

The twin cakes were identical, each decorated in pink and green. Served with the cake were punch and ice cream, mints and nuts.

The guests were Debra Brunson, Terry Thompson, Mary Ann Lane, Susan Towers, Janice Denmark, Mary Olliff, Kathy Nassworthy, Deanna and Pam Dodd, Sally Smith and Beth Tucker.

Mrs. B. E. Smith of Port St. Joe, Ind., was the guest of honor. A gracious lady in her 80's has modern ideas. Her gift to her granddaughters were books.

Mrs. Johnson took pictures of the group.

Those who came the greatest distance, the oldest and the youngest were awarded prizes.

The tables spread under the old oaks showed the results of the party and blessings which have been bestowed on a cause present generation of Brannen.

The nominating committee made their report which was unanimously accepted by the group. Officers for the year from 1958, through the fourth Sunday in September 1959 are: Ernest Brannen, president; Ernest Brannen, vice president; Hubert Donaldson; and Mrs. Howard Atwell, secretary and treasurer.

There was evidence that more interest is created and that next year the party will be even greater attendance by their own and their present generation.

There were 24 members present.

It was arranged and looked lovely. Then the food was placed. The sandwiches had been made with spider lilies in mind. There were the red flowers on the cakes.

Flowers were scarce and the hostesses were desperate for some blossom. A friend had promised some spider lilies, and there were castor beans in his garden. (The only things that grow for me are those that require no care.)

IN ORDERING the little cakes I told the baker that the little flowers should be orange red but more red than orange. They were more red than orange. They were red.

THE SPIDER lilies were arranged to our jobs. I stood at the front door and lo, the dirty glass on the door stared me in the face. All the other windows had been washed and this was probably the only one that would show.

A lot of cleaning had been done in the dining room but we used candles because the insects were getting all over the table when the lights were turned on. By candlelight the dirt wouldn't have shown there.

BUT DIRTY window or not, it was too late to worry. The Dames began to come. They came and came until there were thirty-nine of us in all.

## THE BRANNEN FAMILY REUNION DREW RELATIVES FROM MANY COUNTIES

At 11:30 Sunday morning, September 28, members of the Brannen Family came from many surrounding counties and other far off places to meet with their relatives at Bethlehem Primitive Baptist Church, three miles west of Statesboro.

Miss Hattie Powell stated that there were over thirty people who came from Wayne County. Other counties represented were: Oconee, Tattnall, Evans, Burke, Chatham, Chandler, Screven and Jenkins.

Approximately 200 was the estimated report of the attendance and at least half were from other counties with Bulloch making up the other half.

William Brannen of Savannah, the general chairman of the Reunion committee, had planned the program. Rufus Anderson of Statesboro was in charge of arrangements. Mrs. Willie Woodrum of Millen was the secretary.

The Hospitality, the refreshments, publicity and music committees, all worked in harmony in making the day pleasant and memorable to those attending.

Congregational singing was enjoyed as the guests were arriving. Fred V. Lanier extended the welcome in behalf of the Host County, Solomon Brannen gave a splendid and timely devotional. The speaker selected for the occasion was Clyde Hollingsworth of Savannah, who has done much research on the Brannen families.

His guests were Kim Brown, Lydia Barnes, Joanna Thorton, Trey Lee, Jimmy Prosser, Carol Newton, Deborah Hagan and Wanda Brunson. Assisting the hostesses in entertaining were Mrs. George Lee Jr., Mrs. Emmerson Brown, Grandmother Minnie Lee Johnson and Mr. and Mrs. Felix DeLoach and his grandfather, Mr. Johnson, who came for refreshments.

Mrs. Johnson took pictures of the group.

Those who came the greatest distance, the oldest and the youngest were awarded prizes.

## Mayor Bowen proclaims Oct. 5-11 National Business Women's Week

1. W. A. Bowen, Mayor of the City of Statesboro, Georgia, proclaimed October 5, 1958 through October 11, 1958 to be NATIONAL BUSINESS WOMEN'S WEEK.

This annual week, sponsored throughout the United States by The National Federation of Business and Professional Women's Clubs, Inc., is set aside to pay tribute to women in business and the professions, and the contribution they make to the nation. The theme of 1958 "National Business Women's Week" is "More Power with Womanpower."

Mayor, City of Statesboro WILLIAM A. BOWEN.

**ANNUAL NATIONAL BUSINESS WOMEN'S WEEK CELEBRATED**

Every year National Business Women's Week, first founded in 1928, spotlights the women who work and their responsibilities in their home towns, the nation and the world. The President of the United States and national leaders in all fields hail National Business Women's Week each year.

The National Federation of Business and Professional Women is the largest organized group in the world devoted entirely to the affairs of business and professional women with state federations in all the forty-eight states, in Alaska, Hawaii, Puerto Rico and in the District of Columbia. Membership is acquired through local clubs. Any woman employed for compensation in industry, business or in the professions, and acceptable to the local group, is eligible for membership. When a woman joins a local Business or Professional Women's Club she automatically becomes a member of the state federation and the national federation. In June 1958 the membership stood at 174,007 members in 3,355 clubs.

In 1930 B. & P.W. took the lead in founding the International Federation of Business and Professional Women, which now has federations in 22 countries. All members of B. & P.W. are also members in the international organization.

The purpose of the national federation of Business and Professional Women's Clubs, which was established in 1919, include the improvement of conditions in all businesses and professions; the extension of opportunities to better the business and professional status of women; the preparation of women for leadership in their communities, their states and the nation; and the advancement of women in their respective fields of work so that they may make their greatest contribution to the common good.

A particular objective of the federation has been the advancement of the individual member as a business or professional woman. In February 1956, the first world-wide foundation was established for business and professional women.

Of particular interest has been the federation's reaffirmation of American values and American traditions, and a well-balanced program of action in five particular fields: career advancement, health and safety, international relations, national security and public affairs.

"In all the history of the world, there never was a time when dedicated, intelligent and courageous women were more needed—these are the women who will stand up and be counted—women who will make contributions of leadership in their communities, who will take on the serious assignment of national security and the preservation of our freedoms—these are women with a dedicated purpose and a job to do," says Miss Grace B. Daniels, national president.

The local Business and Professional Women's Club begins its observance of National Business Women's Week October 5 to 11. Miss Alma Hopper, club president, urges the citizens of Statesboro to join in the celebration.

"For my money, this new-type, sound-conditioned concrete gives the sweetest ride yet!"

Concrete increases in strength year by year. Concrete actually improves with age—gets up to 30% stronger in five years. Here's a durability "bonus" only concrete gives. Crushing resistance tests in the laboratory prove it. It's another reason why concrete lasts longer, costs less to maintain.

Says BOB CROSBY, popular MC of TV, bandleader and singer "I've driven it—lots of times. It's smooth—not a bump to be heard. There's no noise on highways designed for the needs of 1975 traffic."

You'll be glad highway engineers who helped develop new-type concrete plan thousands more miles of it. What comfort! It's laid without joints, has only tiny cushion spaces you can't feel or hear!

A new process, "air entrainment," prevents weather or de-icer roughening. Laid flat on a specially designed subbase, concrete stays flat. It has an expected life of 50 years and more... with up to 60% lower upkeep cost than for asphalt. Yet first cost is moderate. That's why concrete is first choice for the Interstate System and other new primary roads.

The last load was overloaded and they were hours driving a few miles. Every few miles they would stop and reload. But it would do no good. So she decided to relieve the situation. They were in a town in front of a house where a lady was sitting on the porch. She called, "Would you like some porch furniture?" She gave away the porch furniture. She went on down the street acting like a John D. Rockefeller giving away dimes, only she was giving away household things. She stopped when the load was light enough to go on. All the Dames were wishing they could have been at the "giving away."

Evans County, created in 1914 by combining parts of Bulloch and Tattnall Counties, was named for Confederate General Clement A. Evans. Its county seat is Claxton, home of the "World-famous fruit cake" sold at Christmas time by Claxton and other civic groups to raise funds for community projects.

Evans County is noted for tobacco, cotton, corn, peanuts, sweet potatoes, tomato plants, livestock, poultry, naval stores, dairy cattle and wine. One of Georgia's smallest and youngest counties, the county is noted for its well-kept farmlands, lovely homes and fine lakes.

In energetic Evans County, and throughout Georgia, the United States Brewers Foundation works constantly to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Georgia, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing "self-regulation" program.

**BULLOCH COUNTY GIRLS PLEDGED BY SORORITIES AT U. OF GEORGIA**

Last week the University of Georgia at Athens announced that fourteen university sororities had pledged 478 new members this fall. Those from Statesboro to be pledged are: George Ann Prather, Alpha Delta Pi; Helen Thackston, Alpha Gamma Delta; Linda Pound, Phi Mu; and Rebecca J. Edfield of Portia, Phi Mu.

Mrs. William Smith, organist, presented a program of wedding music while the guests were being seated, and accompanied Bernard Morris as he sang "Because." "Entreat Me Not to Leave Thee" and after the rites he sang "The Marriage Prayer."

Mrs. Brinsdine is the daughter of Mr. and Mrs. Ernest Carl Robitzsch. The groom is the son of Mr. and Mrs. R. R. Brinsdine of Statesboro.

Robert Ray Brinsdine Jr., was his brother's best man. The ushers were Robert Wiggins, Gene Mikel of Canton, Ga., Elmer Dixon and Jappy Akins.

Miss Carlene Robitzsch, her sister's maid of honor, wore a frosted peach pink taffeta dress with small tulle bows extending to the shimmering tulle cummerbund. The skirt was gracefully full. She carried a Colonial new ray of carnations encircled with ruffled net delicately etched with lace. Shirley Fleming, who lives with the groom's parents, was the flower girl. She wore a crisp white organdy dress over pink taffeta. She carried a white basket filled with white rose petals. Carl Robitzsch in a white coat and navy pants and white cummerbund carried the rings on a white satin pillow.

The bride entering with her father, by whom she was given in marriage, wore a wedding gown of imported Chantilly lace over Bouquet taffeta with the low rounded neck line embellished with scallops of tulle and lace, embroidered with pearls and iridescent sequins. The long tapering sleeves were lace buttoned. The skirt, with taffeta panned front, combined tulle and Chantilly lace which extended to form a chapel train. Her veil of illusion was attached to a lace crown of pearls and iridescent.

She carried a white orchid with a purple throat cascaded with white satin streamers on an ivory covered Bible.

The bride's mother chose for her daughter's wedding a dusty rose lace dress. Mrs. Brinsdine was groomed in Dior blue lace. Both wore corsages of white carnations.

**LOVELY RECEPTION IN SOCIAL ROOM**

The wedding guests were entertained in the social hall of the church.

Mrs. Robert Hart greeted the guests who were introduced to the receiving line by an aunt of the bride, Mrs. W. M. Mitchum of Loudowick. In the line were Mr. and Mrs. R. R. Brinsdine, Barbara and Paul, Mr. and Mrs. E. C. Robitzsch, Carlene Robitzsch, Shirley Fleming and Carl Robitzsch.

The bride's table overlaid with an exquisite cut work cloth, was centered with the beautiful tiered wedding cake topped with spun sugar wedding bells. Alternating tiers were decorated with a rose design of wedding bells with roses rambling (toward the top) From encircling coral vine and miniature ivy extended down the table and wreathed triple silver candleholders at each end of the table. Decorated individual cakes, mints and punch were served by Misses Pat Murphy, Rozlin Hall, Ernestine Nesmith and Carol McDuffy of Swainsboro, a student at Georgia Teachers College.

Mrs. Ray Brinsdine kept the bride's book.

Later in the afternoon, Mr. and Mrs. Brinsdine left for Gatlinburg, Tenn. The bride traveled in a two piece suit, in autumn gold.

Her hat was of white feathers, gold lined. Her accessories were black. Upon their return Mr. and Mrs. Brinsdine will reside at 1004 East Inman St. in Statesboro.
